

LEPC TRAINING RESOURCES GUIDE

The Indiana Emergency Response Commission requires through IC 6-6-10-7(b) that LEPC funds provided by that statute may be used for training “only if the local emergency planning committee has received approval for the training programs from the emergency response commission.” The training opportunities listed below are deemed by the IERC to be of sufficiently high quality to make them eligible for payment with IC 6-6-10 funds. (Courses/classes are preceded by an asterisk*.) This conditional approval of programs does not warrant the efficacy of particular training for particular persons, and the IERC cannot be responsible for particular training outcomes.

To be considered for addition to this list, the following must be submitted to the IERC Training Committee:

- A formal letter from the vendor requesting to be added to the resource list
- The specific training service(s) offered by the vendor
- The certification(s)/qualification(s) of the trainer(s) for the specific service(s) offered
 1. Instructors must be certified as adult educators or training providers. Examples of certifications include Fire Instructor II/III and Indiana Law Enforcement Academy Instructor. Other certifications will be considered by the Training Committee on a case-by-case basis.
 2. Instructors must be certified at each the level for which they propose to offer training services.
- Samples of the training materials used by the vendor

All proposed training/service(s) must address hazardous materials awareness and/or response as defined under the Emergency Planning and Community Right-to-Know Act.

The IERC solicits feedback from LEPC members regarding any training taken from the listed programs, and will consider adding other training which is brought to the attention of the IERC. The IERC will also consider delisting providers or programs based on information provided by LEPCs. Please submit written requests to add or remove programs to the IERC Training Committee, Indiana Government Center South, 302 West Washington Street, Room E208, Indianapolis, IN 46204-2760. You may also send your questions or comments to IERC staff at SARATR2@dhs.IN.gov or (317) 234-6796.
